THE RIGHT OF PETITION, &c

Several gentlemen in the county of Somerset addressed, a short time since, letters to Governor Kent and Mr Fairfield on the subject of Slavery, &c. Gov K has responded nobly, and with pleasure we give place to the correspondence This reply does honor to his "head and heart," and cannot fail of eliciting the hearty approval of every American freeman - No reply has yet been received from Mr Fairfield

NORRIDGEWOCK, July 23, 1838

HON EDWARD KENT

Governor of the State

Our freedom will not, we presume, be deemed impertinence, nor require an apology, when we shall have stated to your honor, our object in this communication

You have been proposed by that portion of your fellow-citizens, with whose political views your own accord, as the candidate for the office of Chief Magistrate of the State, an office which has already been confided to your hands

We are the Executive Committee of the Anti-Slavery Society of Somerset county Many of the members of the Society as well as many others whose principles on the subject of slavery accord with theirs, are desirous of ascertaining your views in regard to Anti Slavery principles and measures This is the object of this letter, and the subject on which we most respectfully solicit an answer

It is surely just that every one entitled to suffrage, should have the right of ascertaining the sentiments of those whose measures in responsible office may affect interests valuable to many. The right of suffrage without the right of inquiring how to exercise it, is manifestly an absurdity

To prevent all uncertainty and perplexity in the mind of your honor, as to the points on which we wish your opinion, we will concisely state the principles held, and the measures deemed consistent, by the Society we represent

It our opinion, *Slavery*, as it exists in this country, is incompatible with the natural rights of man, contrary to the principles of religion and morality, founded in extreme injustice, and the cause of many evils public and private, and ought to be immediately abandoned

The *measures* are the unobstructed promulgation of these sentiments respectful petitions to Congress for the abolition of slavery in the District of Columbia, and other Territories, over which the Government of the United States has control petitions for the suppression of the domestic Slave Trade, all authorized and honorable means to secure the election of men, as Legislators in the National Councils who will favor the right of petition, and the rights of the oppressed and all other legal and moral means which will hasten the removal of a system so prolific of evil to the master and the slave, and so disgraceful and dangerous to a Republican Nation. With sentiments of high respect,

We are yours,
ELEAZER COBURN,
JOSIAH PREY,
ARTHUR DRINKWATER,
GEORGE W HATHAWAY,
DANIEL B RANDALL

GOVERNOR KENT'S REPLY

Bangor, July 27, 1838

GENTLEMEN I have the honor to acknowledge the receipt of your letter addressed to me under date of the 23d inst. asking my opinion in relation to slavery and the right of petition I most readily and cheerfully acknowledge the right of any portion of the people to ask of candidates for office, their views and opinions in relation to matters of public and general importance, and the duty of such candidates to answer frankly and explicitly The subjects to which you have called my attention, are certainly of this nature, and I therefore with pleasure comply with your request

I say then, gentlemen, that I regard slavery, as it exists in this country, as a great moral and political evil, and based upon an assumed right which I do not acknowledge, viz the right of one man to [illegible] property in the person of another. I believe the whole system of domestic servitude, as [illegible] under the [illegible] slavery, [illegible] productive of great evils, both to the master and the slave, and to the community in which it exists, and that justice, humanity and [illegible] policy require that it should be [illegible] I [illegible] heartily concur in the [illegible] of all [illegible], which are consistent and [illegible] in the nature and aim, at producing a moral conviction of the evils of slavery and of the justice and expediency of its final extinction

I regard the right of free discussion as one of our undoubted and most valuable privileges, and I can see nothing in the nature of this subject which should make it an exception to the good old rule of our fathers I can see no good reason why men's mouths are to be closed and their pen's laid aside, in relation to a topic so deeply interesting to us as a nation and individuals, and involving so many considerations of national honor and pressing importance

I am satisfied that the subject must be met and must be discussed, and I fully believe that the system of slavery must in the end be abolished, falling before the irresistible power of public opinion, and peaceably yielding to the moral influence of reason and argument During these discussions there will doubtless be many wild and dangerous theories and extravagant and overstrained assertions and epithets, thrown out in the heat of excitement and the ultraism of opposition I think gentlemen, we have already seen some opinions and theories advanced by anti slavery advocates and in publications bearing that name, which strike at the very foundation of social order and parental government, and tend to unsettle the sound principles and practices of our pilgrim fathers I can not repress the expression of my regret, that so much countenance has been given to such alarming extravagances, but I am happy in the belief that in our stable and reflecting population they find but few advocates But the banner upon which is inscribed the plain and unqualified and simple motto that "all men are born equal, if borne with a firm and cautious hand, must finally wave in triumph

We have clearly no right by State or National Legislation to interfere with the domestic institutions of our sister States We are bound to observe in good faith all the provisions of our constitution But I cannot agree to the proposition that we have no right to discuss in public or in private as a question of morals, right and expediency the nature, tendency and effects of the system of slavery, as tolerated and sustained by our neighbors We have, I believe, a right to convince the [illegible] to coerce them, to argue and reason with them fairly, coolly and honestly, but not to indulge in irritating epithets and unqualified denunciation In a word, I am the advocate of free, and fair, and full discussion

You speak of the right of petition It is natural that you should for it is a right which has cost treasure and has cost blood, and has been most falsely surrendered by those who were set for its defence It was among the foremost of the rights for which our fathers fought, and has been the first to be formally abandoned and trodden down by their recreant sons The precise question upon which the surrender was made is of little importance, compared with the great principle involved Our Congress men and our public servants may spurn the petition of one man, they may of another If they may refuse to read a petition which has the word or the subject of slavery in it they may as justly refuse to read one which relates to money or the currency It seems to me that when that resolution passed, a great right of the people was invaded, and an American privilege trodden down, and an arrogant and tyrannical attitude assumed by the representatives of freemen, when they dared to say that they would not read a respectful petition The right of petition as it was one of the first to be asserted should be the last to be abandoned on American soil

With much respect,
I am your fellow citizen,
EDWARD KENT

"OFFICE HOLDERS' John P Hale, District Attorney from New Hampshire is on an electioneering tour in this State, and addressed the locofocos in a public caucus in Portland last week Why don't the locofoco presses cry out "foreign interference ? It is singular that the *honest* indignation of the *amiable* editor of the Argus is not aroused at this, when he is ever so ready, if any of his political opponents happen to come into the State on the eve of an election, to pounce upon his "miserable drivel" upon them This amiable man chronicles the appearance of Mr Dumont in York county, and says he is on an electioneering tour Pray, why has not Mr Dumont as good a right to go into the county of York, without having his name paraded in print, as Mr Parks of Bangor or the District Attorney of New Hampshire have (both U S *office holders*) to go into a public caucus in Portland and harrangue the locofocos ?

Such are the terms of abuse and reproach applied to the U S Navy by the Washington Globe Mr Van Buren, it would seem, turns up his Presidential nose at "Coblers and Tinkers Mechanics must not stand between the wind and his nobility' Are we to have a new era? This may be very well in fair weather, but in the days that 'tried men's souls the Republic got good service out of such "Coblers" as ROGER SHERMAN and such "Tinkers as GEN. GREENE

and that in 1838, it is burdened with a *debt* of

If the present "economical" and "retrenching" administration keeps on at this rate, how much surplus will there be in the Treasury in 1840?

"We predict that Commissioners will be appointed ostensibly to run the line, and that they will be despatched to do the business *on the eve of the election*, too late to know what success they met with until after the 10th

Now the Democrat knows and every one else knows, who has read the law, that Gov. Kent cannot appoint the Commissioners to run the line before the first of September, and the editor of the Democrat knowing that Gov Kent would not violate the law, which says that "if the Government of the U States either alone, or in conjunction with Great Britain or the State of Maine, *shall not*, on or before the *1st of September next*, establish and appoint a Commissioner for the survey of said Boundary line, it shall *then* be the *imperative duty* of our Governor, without further delay, to appoint forthwith, suitable Commissioners and Surveyors for ascertaining, running and locating the North Eastern Boundary of the State, and to cause the same to be carried into operation, he (the editor) is very safe in making the prediction and will not be entitled to the credit of being much of a prophet either, Gov Kent knows his duty and will perform it strictly to the letter of the law this the loco focos may rely upon

An interesting account is given by Mr Stevens in his ' Incidents of travel in Greece, Turkey, Russia an Poland," of an American, Russian, Gen Sontag, who now resides at Odessa Gen S is a native of Philadelphia has been in our navy, and served as sailing master on board the Wasp , he becoming dissatisfied from some cause left our navy, entered the Russian, and came round to the Black Sea as captain of a frigate; was transferred to the land service, and in the campaign of 1814 entered Paris with the allied armies as colonel of a regiment In this campaign he formed a friendship with Count Worohzow which exists in full force at this day He left the army with the rank of brigadier general By the influence of Count Woronzow, he was appointed inspector of the port of Odessa, in which office he stood next to the Governor of the Crimea, and, in fact, on one occasion, during the absence of Count Woronzow, lived in the palace and acted as governor for eight months He married a lady of rank, with an estate and several hundred slaves at Moscow , wears two or three ribands at his button hole, badges of different orders , has gone through the routine of offices and honors up to the grade of grand counsellor of the empire Gen. Sontsg, surrounded as he is by Russian connections, is all American Pointing to the riband on his buttonhole, he said he was entitled to one order which he should value above all others , that his father had been a soldier of revolution, and member of the Cincinnati Society, and that in Russia the decoration of that order would be to him the proudest badge of honor that an American could wear

A WORD TO THE WORKIES

NO 1

" *Tis in ourselves that we are thus, or thus* '

It has been the policy of the leaders of the loco foco party to address themselves with loud professions of friendship and kindness to the mechanic, farmer, and laborer, and to represent themselves as the exclusive and ardent friends of these numerous classes. This baldness of profession has led very many to adopt their doctrines, and to commit themselves to the kind keeping of leaders whose bowels seemed to yearn for the welfare of the great body, by them so affectionately denominated, the dear people

The game has been played until a too trusting confidence has time and again, been abused, and the doubting have been aroused, as lower and lower their interests run in the tide of affairs, and experiment followed experiment to crush their hopes and blast their expectations With these changes has appeared a disposition, here and there, in the high places of power to doubt the integrity of the people to question their intelligence, and their principles The workies those who were so affectionately patted upon the shoulder and told that they were the bones and sinews of the country, and over whom the crocodile tears of pity were shed in profusion, that they were not more highly valued by the aristocracy, as the leaders denominated the last friends of the country and its prosperity, are fast dwindling down in the eyes of these same leaders into the miserable insignificance, in which in fact they have ever held them

The mask of disguise however effectual for the time it may appear, will generally fall, and disclose the hypocrite, in all its hideous deformity Such is the case of the Washington Globe, the mouth piece of Martin Van Buren, the prime trumpeter of the loco leaders, in doubt who to trust, and mad with the wreck that its own folly has caused, has at length uttered its opinions and exposed the deep duplicity and black heartedness towards those, it has heretofore lauded

Yes, fellow-workingman, when the Globe party wishes your suffrages, when it has designs upon your liberties and would conciliate you into a support of its measures, why then you are good fellows, noble! Patriotic' Democrats! But when for a moment called to direct its attention to another quarter, and for the purpose of raising indignation against the gallant tars of our Navy, the pride and glory of our country, and wishing to express their detestation and b[illegible] in one deep, burning, withering sentence of hopeless infamy, it selects the association of ideas its real principles, and the uppermost, presents, and says:

"IT IS IMPOSSIBLE TO MAKE HEROES OUT OF MEN WHO ADOPT THE MAXIMS AND PRINCIPLES OF COBLERS AND TINKERS."

Think of it think of it. And as the Whig editor is hard-pushed for [illegible], the Globe's [illegible] [illegible] [illegible]

BROAD AXE.

THE FRIENDLESS

It is remarkable how a single word, unaffectedly uttered, will sometimes reveal to us more fully and strikingly than could many books, the deep and long experience of a human heart. Not long ago, a friend of ours invited a small party of orphan children from an asylum to spend an hour on a Wednesday afternoon at his house (in Boston) They manifested, each in the way that Nature prompted or education allowed, the most eager delight It was evidently a rich treat to them in their lonely state It would have done any body's heart good to see and hear them

As he was distributing amongst them the contents of a basket of oranges he chanced to hear one of the little girls say to a companion who was sitting at her side, "I know why Mr has invited us to his house it is because we haven't *any friends* *I haven't had a friend come to see me for five years* "

Merciful heaven' Only twelve years old, and not have seen the face of one friend for five long years!

We have heard many a sad tale of orphanage, and thought that we felt sympathy for the friendless before, but we never heard words that went directly to the heart like these that made so palpable the dreariness of the long days and nights that heavily follow one another, unenlivened by a single smile or kindly tone of one living being with whom the homeless can claim kindred We thought too, that we knew, of old, something of the value of our friends, and estimated, not altogether too lightly, their joyous and assuaging influence upon the pulses of the soul, but never before did our natural relatives seem so precious to our regard or did our heart involuntary seek to bind them to itself with such a tenacious embrace, as since the simple words of the poor orphan girl have given to us one slight and inadequate impression of her unutterable and melancholy experience

No wonder that God from his secret throne has sent out so many kindly messages and sacred promises of love to the solitary and forsaken the parentless and the widows, for, O how much do they need the sympathy of Heaven who have no friends on earth! and how pleasant to the angels of consolation to pay their unobtrusive and peace laden visits to the children of loneliness and sorrow

Would it not repay us richly, ay, a thousand fold, if we would open our doors more frequently to those who have no home, and distribute our kindly sympathies, which are indeed, the bread of life, more freely to those who hunger and thirst for words of friendship and looks of affection and tenderness Christian Register

To the Honorable Court of County Commissioners for the County of Penobscot.

HUMBLY represent your Petitioners, inhabitants of Orono, in said county, that the highway recently laid out by this Honourable Court, but not yet opened, leading from Bangor aforesaid to Upper Stillwater village, in said Orono, is not of common convenience and necessity that it leads through a great extent of ground, and cannot be conveniently accommodated by it that much of the ground over which it passes is unsuitable for the construction of a road, being a swamp of deep mud That since the laying out of said road some circumstances have changed the practicability and utility have materially changed viz a road has been opened across Marsh's Island from a point near Great Works village to Lower Stillwater village, considerably shortening the distance from Old Town to Bangor A free Bridge has been commenced more than half constructed and will soon be finished at Lower Stillwater village across the Stillwater stream which improvements of the river route it is believed render it preferable to the contemplated route and lastly the pecuniary embarrassments of the town of Orono have so much increased that the great expense of constructing this road would now be an intolerable burden to its inhabitants Your petitioners therefore pray that the said road leading from Bangor to Upper Stillwater village by a back route through the forest may be discontinued and as in duty bound will ever pray

CHURCH'S TOOTH POWDER.

DR CHURCH'S valuable Tooth Powder for cleaning Teeth is one of the best articles in use for the following reasons

1st It is excellent in giving the Teeth a beautiful white polish and preventing their decay

2 It is sure to cause and preserve a sweet breath and pleasant taste to the mouth

3 It is also an infallible cure for the Tartar which collects on teeth, wholly removing it and at the same time hardens the gums and causes them to be reinstated in their proper place

Nearly one half of the Teeth which are extracted, is owing to the tartar's eating away the gum, thereby causing the teeth to become loose, and rendering their extraction necessary For sale at E F DUREN'S Bookstore aug14

DR BRANDRETH S GENUINE PILLS

Doctor Sangrado's system still
Lives in the world, to kill, to kill!

THIS system does indeed live still and is practised by the very men who laugh at Doctor Sangrado as a visionary fool The immaculate Faculty!! Let this truth be impressed upon every mind that all pain and weakness proceed from the presence of morbid stagnant and corrupt humors IN THE BODY by which the circulation of the blood is impeded, and that the only sensible method is to remove them from the stomach & bowels, then take

Brandreth's Pills, concocted forth
From the pure products of the earth,
They own no after sad alloy,
They often save but ne'er destroy!

BLEEDING ALWAYS IMPROPER,

"For the life of the flesh is in the blood Leviticus chapter xvii v 11 When the properties of BRANDRETH S VEGETABLE UNIVERSAL PILLS shall have been appreciated bleeding will no longer be thought of as a remedy for diseases, for in violent inflammations, eight or ten of them will take in the course of two or three hours, more of the impure humors from the body, by the stomach and bowels, than bleeding to the extent of forty ounces could possibly have done and it should be remembered that the Pills remove ONLY those parts from the blood which were the cause of inflammation, whereas bleeding removes the essential parts also How great the prostration of all the corporeal powers after a copious bleeding! On the contrary what agility and strength is felt after a dose of this medicine, the body is indeed lightened of a load Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind which 84 years have proved never to do injury but always good Is the pulse too high? A dose of these Pills will bring it down Is it too low? the same means will increase it to a proper standard Is it tremulous showing nervous excitement? the Pills by soothing the system will allay it

Thousands of the most respectable citizens of the United States will be referred to with pleasure by Dr B who have for many years been in the habit of being bled as often as four times in a year, and whose constitutions in consequence were becoming weaker and weaker, but who, since they have made use of these Pills, have never lost a drop of their precious blood When any of their old symptoms appeared, instead of running to a Doctor and having a vein opened, they have swallowed six or eight Pills which soon removed the vitiated humors that were impeding the blood in its circulation Those sensible people, simply by the use of these invaluable Pills, are increasing every day the powers both of body and mind which, by the practice of bleeding, were both becoming dreadfully impaired.

The following cases of cure by the use of Brandreth s Pills, alone, are submitted with respect, to the unprejudiced portion of the Boston public

ASTHMA CURED The following extraordinary case of Asthma, which is authenticated by seventeen respectable and well known inhabitants of Greenwich Ct, deserves by all persons, a careful perusal The most prejudiced must own that evidence is on the side of these Pills which by the cures they are daily making show there is no necessity for any other medicine

This is to certify that Thomas S Brown of Greenwich Ct was taken with a cold, numb feeling on the 13 h of June last He began to cough and raise phlegm and in the course of twenty four hours about two quarts of thick white jelly was expectorated Three physicians in Stamford Greenwich and Sawpits, pronounced it a nervous humid spasmodic Asthma and after prescribing for some time to no effect the three consulted together and finally declared that they could do him no good, it would and must result in consumption and death would ensue, and that in a very short time The pain was excessive in all parts of his body, and the difficulty in breathing was such as almost to cause strangulation He was reduced to a mere skeleton and finally gave himself up to death After being in this miserable state nearly two months he saw an advertisement of Dr Brandreth s Vegetable Universal Pills and immediately sent by Capt J, Waring of Greenwich for a box and found relief in the course of a few days which encouraged him to persevere, and now having taken them for about four months according to the direction is entirely recovered, and so far as we can judge in consequence of taking the above Pills, which we have also used in our families, and have found them invaluable

Signed Greenwich 22d Feb 1836,

THE most safe, effectual and economical remedy for diseases of the Human Constitution, that has ever been discovered

These Pills are composed entirely of materials extracted from Medical Plants, and are warranted not to contain one particle of mercury or any mineral substance Dr Kingley the inventor of this valuable medicine from his knowledge of the human system derived from a long and extensive practice has arrived to the conclusion, that the great and primary cause of most diseases is a derangement in the functions of the liver, or in other words an increased or diminished secretion of the Bile

So well is this understood that it is common for persons to say when they feel unwell that they are bilious meaning that they have too much bile in the stomach On the other hand when the flow of bile is diminished the process of digestion is unperfectly performed the patient becomes weak and emaciated, because nourishment contained in the food taken into the stomach is not properly extracted and the food is ejected in a crude state Dr Kingley is confident that the famous Hygean Theory so called that impurity of the blood is the cause of all diseases,' is a great absurdity Every one who reflects upon the subject a moment will perceive that impurity of the blood is a secondary, not a primary complaint the effect and not the cause of the disease When the functions of the liver are deranged and the flow of bile increased, it is often taken up by the absorbent vessels and carried into the circulation, and becomes mingled with the blood as in Jaundice, when the patient shows it in his countenance Now this impurity of the blood is caused by an increased flow of the bile and to remedy it you must correct the secretion of the liver and restore it to a healthy state

Dr Kingley has spent much time in experimenting with different vegetable medicines for diseases of the liver, and now offers his Universal Family Pills as the best, most convenient and cheapest medicine that can be prepared for general use, and in offering them to the public he is actuated more by benevolent than pecuniary motives, as the price of the medicine will show

Dr Kingley flatters himself that his long experimenting with vegetable medicines has enabled him to discover the true and only substitute answering all the purpose of mercurials, without any of their attendant evils One great quality of his family Pills is that they have the alterative principle combined with their cathartic or operative quality, so that they not only cleanse the stomach and bowels by purging but they regulate the liver change the morbid secretions, strengthen the digestive organs, purify the blood, invigorate the circulation, and give tone and energy to the nervous system

They are mild and pleasant in their operation, and almost immediate conviction of their utility from the first dose They can be taken with safety by persons of any age, and the feeble, the infirm the nervous, the delicate, are strengthened by their operation, because they clear the system of bad humors, quiet nervous irritabilities and restlessness from whatever source, and invariably produce sound sleep

The Family Pills are an invariable remedy for jaundice, sick and nervous headache, dyspepsia, costiveness sickness of the stomach heartburn all bilious complaints, fevers of all kinds and if taken at the commencement will invariably check their progress, and save the patient from a protracted and dangerous sickness They are invaluable in nervous and hypochondriacal affections loss of appetite and all complaints to which females alone are subject They operate as a mild and speedy purge, and are a safe and certain remedy for worms in children

I might publish a small volume of certificates but consider it unnecessary, as the medicine will recommend itself to all who will make trial of it

JOHN KINGLEY,

These Pills are put up in neat boxes of two sizes the small size contains 25 Pills and the retail price is 25 cents, the large size contains 60 Pills, the price is 50 cents

☞ PALMER & BLAKE have been appointed agents for the above pills for the New England States Druggists and others can be supplied wholesale and retail, upon application to them at No 44 Hanover street, Boston, or to J E LADD Augusta, agent for the State of Maine Any person wishing to become agent for any Town, must address them post paid.

A VALUABLE REAL ESTATE FOR SALE.

The whole of the PHIPSBURGH ESTATE, situated in Centre Clearfield, and Cambria Counties, in the State of Pennsylvania, with all the improvements thereon, is now offered for sale

THIS Estate comprises about SEVENTY THOUSAND ACRES of Land VERY HEAVILY TIMBERED, and in the HEART of the BITUMINOUS COAL FIELD, upon which are already established a FORGE for the manufacture of bar iron, with all the necessary appendages An efficient and well constructed SAW MILL a SCREW FACTORY with improved machinery, at which wood screws of all sizes are manufactured A ROLLING MILL for the rolling of blooms into round rods for wire drawing, with AIR FURNACE for heating the blooms An ANNEALING HOUSE a BUILDING with a FURNACE and MACHINE for heading rail road screws A PATTERN HOUSE containing numerous patterns for casting machinery A CUPOLA FURNACE, where the machinery of the screw factory is cast, and an extensive country business carried on A BUILDING containing a TILT HAMMER and SHEARS for cutting iron A MANAGER S HOUSE & OFFICE and BOARDING HOUSE for workmen A valuable GRIST MILL worked by steam power

Also the PROPRIETOR S HOUSE beautifully situated, seventy six feet in front with spacious piazzas front and rear, and possessing every convenience calculated for a gentleman's residence A LARGE AND SUBSTANTIALLY BUILT BRICK HOTEL in the town, with all the requisite out buildings A WELL BUILT STONE HOUSE forty two by twenty four feet with the land adjoining A LARGE STORE HOUSE calculated for an extensive country business FIVE COTTAGES in the village with gardens attached A FARM HOUSE with a spacious and well constructed Barn Granary and out buildings and one hundred and fifty acres of highly cultivated meadow land adjoining The whole estate is abundantly supplied with springs of excellent water, and streams with water power sufficient for saw mills grist mills forges furnaces &c It is situated on the Moshannon and Clearfield Creeks about ten miles from the river Susquehanna on the north to which the Moshannon and Clearfield Creeks afford navigable outlets in time of freshets and about twenty five miles from the PENNSYLVANIA CANAL on the southeast to which a highly favorable route is presented for the construction of a RAIL ROAD to the JUNIATA DIVISION of the Pennsylvania Canal through a portion of Huntington County, abounding in IRON ORE of the finest quality, where a number of forges and furnaces have been long established but which are laboring under difficulties from the WANT OF THIS COAL A charter has been obtained for the construction of the rail road THE LOCATION OF WHICH IS COMPLETED, and the estimates furnished, preparatory to a commencement of the work The distance from the COAL MINES to the CANAL is only twenty eight miles

The MAGNIFICENT TIMBER upon this estate consists of all the varieties usually found in Pennsylvania but the WHITE PINE which is MORE PARTICULARLY ABUNDANT, is of the largest description fit for MASTS, SPARS PANNEL BOARDS &c and of an EXCELLENT QUALITY The BITUMINOUS COAL is found in every hill in veins of various thickness viz four feet two inches six feet and nine feet and there are two, three or four veins in a hill according to its elevation The quality varies, in different situations FROM THE HIGHLY BITUMINOUS SOFT COAL CLOSELY RESEMBLING the NEWCASTLE COAL OF ENGLAND to a much harder and heavier Coal containing less bitumen LIME STONE, FIRE CLAY and IRON STONE have been discovered accompanying some of the measures and will doubtless be found to be general upon a proper examination A HIGHLY FAVORABLE CHARTER has been granted by the Legislature of Pennsylvania containing MINING MANUFACTURING and TRANSPORTING PRIVILEGES for a period of SIXTY YEARS authorizing a company to hold this estate in a corporate capacity and to convey to market its vast resources

Family circumstances however having occurred to prevent the proprietor from individually accomplishing this important enterprise he would be willing to sell ON LIBERAL TERMS the whole property to a respectable company who would carry out the provisions of the charter to whom of course, he would transfer all its privileges, or he would sell the estate in tracts to suit the convenience of purchasers

The title to this Estate is INDISPUTABLE and the SALUBRITY of the CLIMATE is proverbial Taking into consideration therefore the immense quantity of the HEAVY and VALUABLE TIMBER upon this estate the presence of IRON ORE the INEXHAUSTIBLE supplies of BITUMINOUS COAL so essential in the GENERATION OF STEAM the PRODUCTION of GAS and for domestic purposes and the arts in general its ADVANTAGEOUS POSITION with regard to its communication with the SEA BOARD its IMMEDIATE PROXIMITY to a region ABOUNDING in the RICHEST IRON ORE in which the WANT of FUEL is already productive of serious inconvenience, considering also the highly favorable location of the rail road intersecting the Pennsylvania canal, and thus affording the choice of both the Eastern and Western markets and taking into view the many HOUSES BUILDINGS MANUFACTURING ESTABLISHMENTS CLEARED and CULTIVATED LAND, thus enabling the enterprising company to commence their operations without incurring the HEAVY EXPENDITURE of money and the DELAY incident to new establishments it is confidently believed that a rare opportunity is now presented for the SAFE and PROFITABLE investment of capital

For further particulars application may be made either personally or by letter POST PAID to Samuel Corp Esq New York John C Montgomery Esq Philadelphia John Norris, Esq Brown's Mills, Mifflin county, Penn or to
